MEDWILDFIRELAB Kick-off meeting Castelo de Vide (Portugal), 24th October 2014

Last 24th October the kick-off meeting of the MedWILDFireLab networking action took place in Castelo de Vide (Portugal). The event was attended by the representatives of the 14 partners from Portugal, Spain, France, Italy, Algeria, Croatia, Greece and Tunisia with the exception of the institution from Turkey.

The kick-off meeting was led by the coordinator of the Networking action, prof. Francisco Rego from the ISA-CEABN (Portugal). As a kick-off meeting, the goal of the event was the introduction of all the partners between themselves and the definition of the networking action objectives. Besides, the partners discussed about the convenience of some activities for the achievement of the best results. They distributed among themselves the different tasks and the leading of the work packages and some milestones were redefined with regards the calendar.

On the other hand, the meetings calendar was set up considering the financial constraints and the monitoring of the project by the Foresterra coordinator, the Spanish Ministry of Economy and Competitiveness. At the same time, it was agreed the date for the submission of the Periodic and Final report to Mineco too.
